

ANNOUNCEMENT

Mike Kee

Overnight Sensation 15 Years Experience

We knew 15 years ago when we hired Michael Kee as an intern that he would be a sensation. In recognition of his contribution to the ongoing growth of SB Partners and to an ovation from his clients, we are pleased to announce that Michael has been appointed a **Principal** at our firm.

Michael's progress at the firm is no surprise. Apart from being a rock solid source of advice on assurance, consulting and personal and corporate taxation at SB Partners, he is a really nice guy. In fact, he is the first person most of his clients call when they need advice or have good news.
